

ASSIGNMENT SEQUENCE NUMBER (ASN)

Assignment Sequence Number (ASN): The ASN order changed from FY02 to FY03. The ASN will be assigned to each “D” and “E” account on the ASD Table. Correct ASNs are vital in assuring that Allocation is performed correctly. The following is the allocation sequence of the “D” and “E” accounts when Support Services are provided by contract or by an installation support service. When the Support Services (those accounts in BOLD and indented) are manned by the MTF (Example: WRAMC), they will be moved in the Allocation order so they will distribute expenses after the ‘EB’ accounts and before the “EE” accounts (Material Management Service).
