**MEDICAL EXPENSE AND PERFORMANCE REPORTING SYSTEM
(MEPRS)
FUNCTIONAL COST CODES**

This document is to be used in conjunction with the EAS IV Data Set Business Rules Table, EAS IV Allocation Factor Table, and the Allocation Factor by Third Level FCC Table.

CHART OF ACCOUNTS - FUNCTIONAL CATEGORIES

A - Inpatient Care
B - Ambulatory Care
C - Dental Service
D - Ancillary Service
E - Support Service
F - Special Programs
G - Medical Readiness

ABBREVIATIONS/ACRONYMS

ACLS	Advance Cardiac Life Support
ACU	Animal Care Unit
ASN	Assignment Sequence Number
ADA	American Dental Association
ADM	Admission
AHC	Army Health Clinic
APU	Ambulatory Procedure Unit
APV	Ambulatory Procedure Visit
ASD	Account Subset Definition
ATLS	Advanced Trauma Life Support
BLS	Basic Life Support
CHE	Continuing Health Education
CL	Clinic
CLV	Composite Lab Value
CTV	Composite Time Value
CP	Cost Pool
DISP	Dispositions
COT	Consecutive Overseas Tour
Fab Spec	Fabricated Spectacles
FCC	Functional Cost Code
FTE	Full Time Equivalent
GDE	Graduate Dental Education
GME	Graduate Medical Education
IEP	Individualized Education Plans
IFSP	Individual Family Service Plans
MAN-HRS	Man Hours
MEPR	Medical Expense and Performance Report
MSC	Medical Service Corps
NEC	Not elsewhere classified
Nonpt Meal Days	Nonpatient Meal Days
OBD	Occupied Bed Day

**MEDICAL EXPENSE AND PERFORMANCE REPORTING SYSTEM
(MEPRS)
FUNCTIONAL COST CODES**

Pnt Move	Patient Movements
PRIMUS	Primary Care for Uniformed Services
Spec Fab	Spectacles Fabricated or Repaired
STD	Standard
TDY	Temporary Duty
TBA	To be announced
TMC	Troop Medical Clinic
WTD PROC	Weighted Procedure
\$ Value	Dollar Value

ACCOUNT SUBSET DEFINITION (ASD)

1. The fourth level of each Functional Cost Code (B-Z) will be used to identify location of work center unless otherwise indicated. The fourth level in this document will be indicated with an underscore.

2. DMIS ID's are updated once quarterly. Basic changes must be submitted NLT 30 days prior to the end of quarter (EOQ). In EASIV, each FCC must have a corresponding DMIS ID. Example, BAAA/0001 is Internal Medicine Clinic at Redstone Arsenal.

a. The corresponding DMIS ID will be entered on the EASIV Account Subset Definition (ASD) Table for each FCC. The Dental Clinic in the MTF belongs to DENCOM and has it's own DMIS ID not the MTF DMIS ID.

b. Work Centers in Army Health Clinics will use the same fourth level if possible, with the appropriate DMIS ID. Example: BAAQ/0444, CAAQ/0444, BHAQ/0444. Support services for the same clinic will also use the same fourth level identifier such as EBAQ/0444, EDAQ/0444.

3. Man-hours and expenses will be reported for all FCC's unless otherwise annotated.

4. The same FCC cannot be used with a different DMIS ID (i.e., BFEB/0001 and BFEB/0002) within the same MEPRS reporting MTF. STANFINS does not contain DMIS Ids; therefore, the financial mapping of expense data is done in EAS IV based upon the FCC/DMIS combination on the EASIV ASD Table. When multiple FCCs with different DMIS Ids are established on the ASD, EASIV does not know which FCC/DMIS ID combination is valid. Therefore the expense data is mapped to the last FCC/DMIS entry created on the ASD Table.

**MEDICAL EXPENSE AND PERFORMANCE REPORTING SYSTEM
(MEPRS)
FUNCTIONAL COST CODES**

5. There is a data set for each FCC/DMIS Id combination used in the allocation process. All cost pools, 'D' accounts, and 'E' accounts have a corresponding data set with the appropriate includes/excludes. Data for the data sets are entered manually, received from CHCS/WAM, created from other data sets, or created from the FTE file received from UCAPERS/DMHRS.

6. Service Unit: The new term, Generic Amount, used in conjunction with the Service Unit, indicates the allocation factor for a cost pool. This means that the allocation factor can be anything that gives the best distribution of the cost pool expense. The same values must be used for each requesting FCC, such as, FTE, per cent of time, or weighted procedures.

7. Assignment Sequence Number (ASN). The ASN will be assigned to each "D" and "E" account on the ASD Table. Correct ASNs are vital in assuring that allocation is done correctly. The following is the allocation sequence of the "D" and "E" accounts when Support Services are provided by contract or by an installation support service. When the support services (those accounts in **BOLD** and indented) are manned by the MTF (Example: WRAMC), they will be moved in the allocation order so they will allocate after the 'EB' accounts and before the "EE" accounts (Material Management Service).

EAA Inpatient Depreciation
EAB Outpatient Depreciation
EAC Dental Depreciation
EAD Special Programs Depreciation
EAE Readiness Depreciation (EAS III Only)
EBJ IM/IT
 EDA Plant Management
 EDB Operation of Utilities
 EDC Maintenance of Real Property

INPATIENT CARE

MEDICAL CARE

Internal Medicine	AAA_	OBD
Cardiology	AAB_	OBD
Dermatology	AAD_	OBD
Endocrinology	AAE_	OBD

¹ Ambulatory Procedure Visits (APV) are a by-product of the Ambulatory Procedure Unit (APU). The "5" at the fourth level will be used to identify clinical specialties utilizing the APU, such as BAA5, BBA5, etc. These codes will be used on the data sets for the APU's. The B**5 MEPRS codes must be recorded on Outpatient Visits and Total Visits Data Sets.

² Ambulatory Procedure Visits (APV) performed by Resource Sharing providers in an APU. These codes will be used on the data sets for the APU's. The B**7 MEPRS codes must be recorded on Outpatient Visits and Total Visits Data Sets.

³ This would include TRICARE Providers & Partnership Visits performed in the MTF.

⁴ MCS Cash Reimbursement is cash payments from the MCS Contractor to the MTF Commander for MTF marginal cost resulting from resource sharing workload that the contractor gets credit.)

⁵ The contractor provides services (supplies, personnel, but no cash) with the MTF providing upfront reimbursement for the services. Resource support is a contracting mechanism for the MTF. There is no BPA impact with resource support.

⁶ All other non-MCS contract type resource sharing agreements; such as VA sharing agreements.
